COMPANY PROFILE

Rainfield
TECHNOLOGIES

Ecoaqua

Vision

At Rainfield, we aim to lead in sustainable water management solutions for industrial and commercial sectors by offering integrated systems in automized irrigation, innovative rainwater harvesting, and efficient water filtrations.

Committed to quality and sustainability, our turnkey projects create significant impact for the Indian landscape. We are driven by a vision of the future where our holistic approach improves life and the environment.

At Rainfield, our core expertise lies in developing high-tech systems, meticulously tailored to meet the unique requirements of each client. Our involvement in significant projects across the nation underscores our status as a leader, demonstrating our ability to provide intelligent, bespoke water management solutions that drive success and sustainability.

Our commitment to delivering maximum value is evident in every project, blending innovation with versatility to ensure our systems meet current demands and adapt seamlessly to future needs. With over 15 years of combined expertise, our team ensures every project is executed to the highest standards.

Our Leadership

Vilas Gaikwad
Director

With over 30 years in the irrigation industry, Vilas Gaikwad is an esteemed technocrat in the field of landscape and irrigation contracting.

His career is distinguished by extensive international involvement, particularly with significant projects in Dubai, Bahrain, Abu Dhabi and other regions., with keystone projects such as the Abu Dhabi International Airport, Sheikh Mohammad Palace, Abu Dhabi Corniche, Safa Park, Zabeel and Trade Center, etc.

His extensive knowledge and hands-on experience with a vast array of global irrigation products cements his feathers as a key authority in the international irrigation sector.

Pravin Panghavane
Group General Manager

As Group General Manager, Pravin brings a decade of rich experience in the irrigation industry.

A certified Hunter Specialist, he has a impressive track record, showcasing his administrative prowess. Pravin's expertise and forward-thinking approach make him an invaluable asset to the team, driving the company's mission towards excellence in irrigation solutions.

Basil Rafi
General Manager

Basil adeptly oversees the company's operations, finance, business development, and sales teams. He plays a crucial role in coordinating the trading and project verticals, ensuring cohesive and efficient operations across all sectors.

Basil's hands-on approach to management and strategic oversight are vital in driving the practical execution of Rainfield's objectives, ensuring smooth operations and consistent growth.

Shalan Abhale
Systems Design Head

Shalan Abhale brings a decade of specialized expertise in irrigation design. She has crafted up-to-date, sophisticated irrigation systems in real estate, educational institutions, corporate firms, manufacturing sites, public works, and hotels.

Her notable designs have contributed to projects in Bangalore International Airport, Boeing Institute, Shirdi Airport, ISKCON Wada, Marriott Hotel Goa, MS Dhoni Farm House among others.
